

REMARKS

The specification has been amended to correct a typographical error in Table 4 that Applicant believes was created by the Office upon publication of the present application. Applicant submits that SEQ ID NO:14, which appears on Table 4, was recited as 5'-GTGTTGTGTCG-3' in both the priority document US provisional application 60/484,031 and the international application PCT/GB04/02684 as they were originally filed. No new matter has been added.

The specification has additionally been amended to correct a typographical error in paragraph [0074] that Applicant believes was created by the Office upon publication of the present application. Applicant submits that SEQ ID NO:25, which appears in paragraph [0074], was recited as 3'-CAACACAACACAG(CT)₁₅-5' in both the priority document US provisional application 60/484,031 and the international application PCT/GB04/02684 as they were originally filed. No new matter has been added.

The specification has additionally been amended to provide a Sequence Listing, filed herewith via EFS submission as an ASCII ".txt" file. In accordance with 37 C.F.R. §1.821(g), the Sequence Listing submitted herewith does not add new matter to the application.

Conclusion

Applicant submits that he has complied with the Sequence Listing Rules, and that the application is ready for substantive review. The Examiner may call the undersigned at 302-885-9129, if a telephonic interview would be helpful.

Respectfully submitted,

Date: 15 October 2007
